## **EXAMINER'S AMENDMENT**

### ***Reason for Allowance***

Claims 1 and 3-11 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. Umeya (US 2003/0174276)

Claim 1 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious a retardation layer (b) which is placed between the circular-polarization-type-reflection polarizers (a) and has a front retardation of substantially zero (in the normal direction) and a retardation of at least  $k/8$  with respect to incident light inclined by  $30^\circ$  relative to the normal direction in combination with the rest of the limitations of the base claim. Claims 3-11 are allowed by virtue of dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
